ORGANIZATIONS FAIR

The Organizations Fair, an annual event, attracted every kind of students from the wide-eyed first year student to the more experienced upperclassmen. One could be bombarded by religious groups, public service groups, the journalism department or sports teams. The only dilemma one faced was figuring out how to tell six organizations he/she signed up for that he/she had overextended his/herself and did not have time to participate after all. The Organization Fair gave the campus community a chance to get involved in a wider range of campus affairs and activities.

OLIN FOUNDATION RECEPTION

Due to the generous \$6.5 million dollar grant from the F.W. Olin Foundation of New York, Southwestern anxiously awaits the completion of a new 40,000 square foot academic building. Named in honor of the donor, along with one of Red McComb's steers, the F.W. Olin Academic Center will provide for the University more modern classroom facilities and a new home for the Department of Modern and Classical Languages, the Department of Communications and the Department of Psychology. The announcement of the grant was celebrated by Southwestern students, faculty, staff, administrator and members of the Olin Foundation. Southwestern competed with over 75 other Universities across the United States to receive one of the two grants given by the Olin Foundation each year.

"Being at a small school, it was easier where professors knew me and understood when I had to miss class for a game. It's also nice to see them at the games."
Wendy Blaine

"My five years, you mean? Different, because I went through three coaches. It's gone up and down. When I came in, we weren't very good; the middle years we were really good; the last year we were mediocre. It's been fun because we got to travel and we changed divisions."
J.J. Uribe

SENIOR

TRIBUTE

Four students' summaries of their four years here as scholar athletes

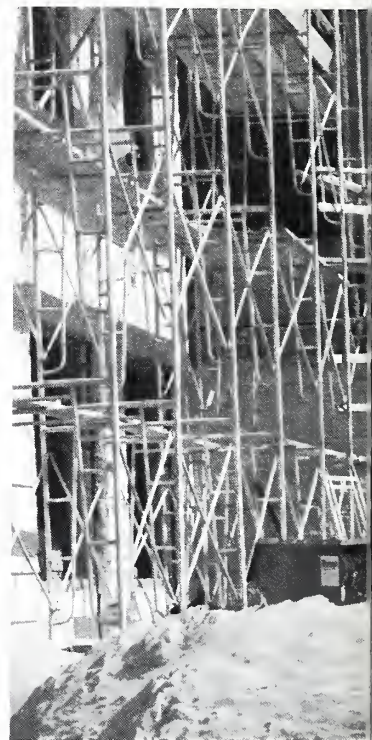

"Coach Seagraves has been a great coach for the past three years. It's been fun, challenging, and disappointing at times, of course. I have gained lasting friendships with people on the team. Basically, playing basketball, giving 100% every day, has been my life for four years, and it has been hard not playing now. But I wouldn't trade it for anything."
Kerri Pearson

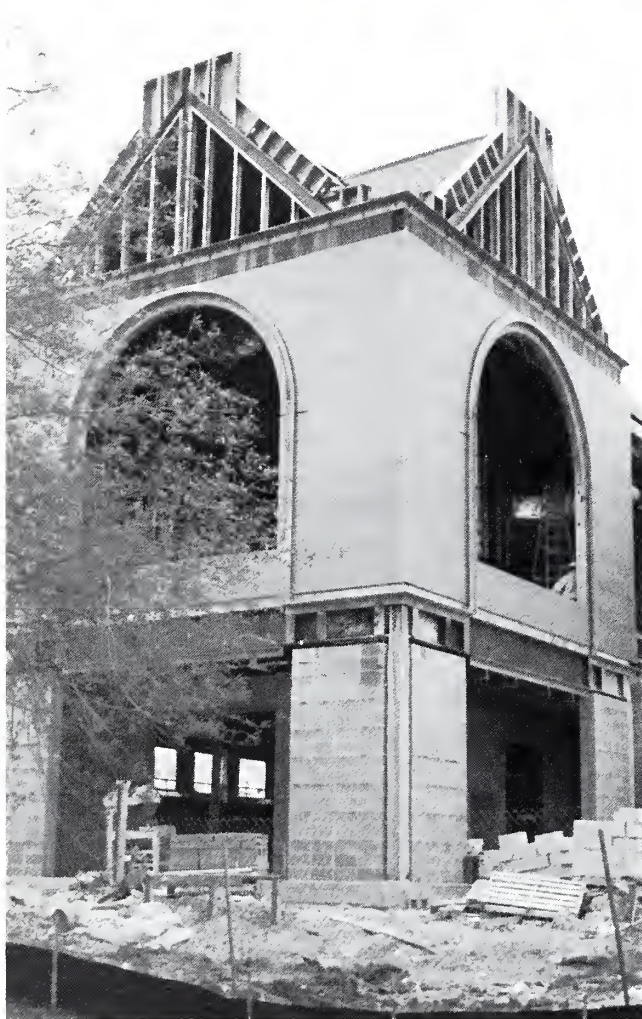

"My four years playing basketball here at SU will encompass my most talked about memories. Never would I have dreamed that most of my best friends will come from that team. We've had great games and terrible ones, but most of all, our team from my freshman to my senior year, has become the best of friends. Take all of us, along with one of the best coaches and nicest people, Ronda Seagraves, and you have four years of basketball and memories which I consider the best time of my life. I'll miss it all, especially the team."
